As a result of our board training and in order to better serve our community, we, the Ubly Community School's Board of Education, have made the following changes to our meeting schedule beginning in March.

The regular board business meeting, including the action items, will continue to be held at 7:00 p.m. on the second Monday of the month.

The board will meet at 7:00 p.m. on the fourth Monday of the month to hear committee reports and discuss issues and concerns for the upcoming business meeting. This meeting will last no more than two hours.

Both meetings will allow time for public comment.

We hope that these changes will more effectively serve Ubly Schools and our community.
